3D ARK is a free on-line archive of 3D related content and resources for 3D enthusiasts founded by [Los Angeles Headshots Photographer, Zero Dean](#).

Due to excessive development costs (time & money), 3D ARK was officially put on hiatus in 2001.

As of June 2004, Zero Dean, founder of 3D ARK, transitioned into full-time photography. Zero is now providing photography services (model & actor headshots, model portfolios, and more) throughout Los Angeles and southern California. For those who are interested, you can see samples of his work or stop by his forums to say hello or to wish him luck at: [Los Angeles Headshots Photographer - Zerotopia.com](#)
